

Ratepayers schedule two important meets

White Rock Ratepayers' Association meets tonight in the Canadian Legion Hall on Johnston Road. Up for discussion is the Ward 7 works program as detailed on Page 7 in today's Semishmoo Sun.

Annual general meeting is to be held next Thursday evening when the election of new officers will be top item on the agenda.

Both meetings are at 8 p.m.

Serving White Rock, Sunnyside, Ocean Park, Crescent Beach & Surrounding Districts

White Rock, B.C., Thursday, April 28th, 1951.

ON THE WAY UP is the first unit of the new grandstand for Semishmoo Ball Park. Fifteen volunteers hammered, sawed lumber and poured cement Sunday under the direction of Jack Carter to prepare the necessary foundations.

Two cinder blocks at each end will be dressing rooms for each team. In the centre there will be a

refreshment concession which is expected to be turned over to the Boy Scouts.

Far right can be seen the excavation for one of the dug-outs. Ball club hopes to complete building the grandstand this Sunday and has issued a call for help to anyone who can hold a board or hammer a nail. Work gets underway at 10 a.m.

Council approves assistant fire chief for White Rock

Downtown hall to be closed; control centred in No. 1 hall on Hilltop

White Rock-Sunnyside fire area is to have a full time assistant Fire Chief. This was decided at Surrey Council meeting on Monday.

Councillor V. A. McPherson said the present Fire Chief, D. Williams, had tendered his resignation because of inadequate assistance, and he felt certain he would

re-consider if such were provided. It was recommended that the downtown fire hall be closed except for emergencies; and control of the system to be centred in No. 1 hall at Johnston and North Bluffs Roads.

TWO MEN ONLY

Two men would be retained to handle chimney fires and would effect a great saving of personnel and cost; as 50 per cent of all fires in White Rock were chimney fires. The present fire budget will provide for any additional cost involved.

Reeve Charles Schultz commented that if chimney fires resulted from unmet chimneys, the cost of such fires should be borne by house owners as provided for in the fire by-law.

BUSH FIRES

Councillor Theo Kuhn wondered how far the Municipality would be responsible for the bush fires raging during the past two weeks; and thought it would be ruinous to brigades if they were to be called out to fight bush fires. It was felt that Fire Prevention Officer Barton should look after that.

Councillor H. A. Stewart said bush brigades were devoted to protect homes and other buildings. Councillor McPherson pointed out that if people set bush fires they should pay for them to be put out.

VISITS HERE . . . Miss L. M. Gosling, of Texas Island, B.C. spent the past week with her sister, Mrs. G. Barager, Marine Drive.

LOCAL MAN WINS \$100

One Hundred Dollars richer because he attended the Park Theatre Tuesday night is C. Fyfe, an old-age pensioner, living at 26 Kent Street.

Mr. Fyfe's name was called during the regular Tuesday Pogo-Nite offer and he was in the theatre.

Next Tuesday's offer will be \$50.

RCMP to take over local policing on April 30

Local constables will be retained; force to be increased to 18 men

(From the Semishmoo Sun Cloverdale Bureau)

CLOVERDALE, April 24.—Surrey Council has approved the request of the Royal Canadian Mounted Police through Superintendent Archer, to take over the policing of Surrey on midnight of April 30.

Three of the present Surrey constables will be retained on the 18 man force which will be established. Constables James Craig, Mel McKay and Paul Starek. It is not known what disposition will be made of the other members of the force.

The cost to Surrey for the new force will be \$14,000 a year for each man, plus cost of maintenance of cars, etc. The amount approximates \$51,820, and covers only certain policing duties; whereas the present local force of 12 men costs Surrey \$16,895 for all purposes.

Reeve Charles Schultz said he had been asked by the Surrey Police Commission to reopen negotiations with the RCMP officials and the matter had gone too far to withdraw.

Councillor Theo Kuhn said "it is just another step to strangle the rightful liberty and democratic rights."

Rates by-law has third reading

CLOVERDALE, April 24.—Surrey Council gave third reading to the rates by-law which provides for 7.63 mills for machinery debt and by-law levy; School Board levy of 27.56 mills; and general purpose levy of 21.89 mills.

The special services tax by-law also received three readings. Mill rate for fire areas will be Crescent 2.48, Sunnyside 4.21, South Westminster 2.18, Hazelmead 2.63, Cloverdale 2.4, White Rock 3.95 and Port Kells 3.26.

The garbage by-law calls for Crescent 12.30 mills; Bridgeview 19.10; White Rock 9.96 and Cloverdale 8.11 a month.

Street lighting by-law will cost 4.97 mills; Crescent 4.15 and White Rock 5.68.

Penalties covering tax payments will be the same as last year with 5 per cent additional for taxes unpaid by October 15, and an additional 5 per cent for taxes unpaid on November 15.

Col. Pitman confirmed as Surrey civil defence co-ordination officer

(From the Semishmoo Sun Cloverdale Bureau)

CLOVERDALE, April 23.—Surrey Council has endorsed the recommendation of the Surrey Civil Defence Co-ordinating Committee in nominating Col. E. A. Pitman, White Rock, as Co-ordinating Civil Defence Officer for the district.

Reeve Charles Schultz and Col. Pitman will attend a conference at Abbotsford on May 8 of representatives of all so-called "Cushion" areas to discuss plans for civil defence.

Col. Pitman, speaking for a delegation of Surrey Civil Defence Committee, said the committee had completed its task of academic organization, according to the plan approved by the Council.

WARDENS NEEDED

It was now necessary to hold meetings in central areas to appoint Chief and Assistant Wardens to be coordinated into district units with local organizations, who would be ready to take charge when an emergency arose.

Initial expense has been thrown on the municipalities and Council granted 10 cents a mile travelling expense and any out-of-pocket costs incurred by the co-ordinating officer in organizing the municipality. It was felt the complete organization of the district was a municipal responsibility.

URGENT PUBLIC MEETINGS

Councillor Theo Kuhn suggested that each councillor call a public meeting in his own ward and try to get halls rent free to put out calls to a referendum.

Col. Pitman urged the Council to give the matter as much publicity as possible as it was only through publicity the people could get accurate information about civil defence measures to be taken in an emergency.

Reeve Charles Schultz said he would appoint a standing committee of the Council to co-operate with the local civil defence council.

New pastor takes up duties at White Rock Pentecostal Church

Rev. W. R. Collings, for the past 10 years pastor of the Pentecostal Church in South Burnaby, arrived in White Rock this week to take up his new duties as pastor of the local Pentecostal Church.

Rev. Collings, who came here at the unanimous call of the White Rock congregation, will speak for the first time on Sunday, April 29, from in Warwick, England. Rev. Collings came to Canada in 1930. He has held pastorates in Edmonton, in Nelson, North Vancouver, and Grand Forks. In addition to his most recent one in South Burnaby.

Mrs. Collings, who arrived here with her husband this week, originally from Prince Edward Island.

Rev. and Mrs. Collings have taken up residence at 747 Victoria Avenue.

COUNCIL TAKES PARK OPTION

CLOVERDALE, April 24.—Three readings were given to Surrey Council to take an option of \$50 on the Le Tourneur property on Hilltop for a community playground near the Semishmoo school. The option will be good 181 January 30, 1952, and will apply on the purchase price of the property for \$7,000.

PHONE SERVICE . . . For the convenience of residents in the West End, a Public Telephone has been installed at the Children's Villa. Messenger service is also provided.

ZONES MAY AMALGAMATE

Amalgamation of Zones 1 and 3 of the White Rock Ratepayers' Association will be the subject of a joint meeting to be held in the new hall on Stevens Street, off Buena Vista, on Monday, April 30 at 8 p.m. A record attendance of the two zones is hoped for.

NEW PASTOR OF White Rock Pentecostal Church is Rev. W. R. Collings, shown above with Mrs. Collings. Rev. Collings will give his first address in the congregation this Sunday.

Council okays aid increase

Surrey's share is 50 per cent

(From the Semishmoo Sun Cloverdale Bureau)

CLOVERDALE, April 25.—Surrey's modest share of residents will be granted an increase in response to a recommendation presented to Surrey Council by Social Service Administrator Stringer.

Single persons will receive 15, married couples \$10, and each child \$11 a month over and above the present rate of \$40 for single, and \$50 for married couples.

WANT CHANGE

On the basic pension the Provincial Government pays 80 per cent and the Municipality 20 per cent. The government wants Surrey to accept a 75-25 per cent basis for all social service allowance cases, including increases.

Councillor Lloyd H. Atchison claimed the Goldenberg report had awarded an 80-20 per cent arrangement and he felt it should be maintained. It would involve less bookkeeping and would be more in line with Surrey's responsibilities for social welfare.

Councillor Vic McPherson thought Surrey was carrying too great a load, as it was costing taxpayers 13 mills including administration costs. He wondered what would happen if all the municipalities refused to accept the increase, and put them back into the lap of the Provincial government.

LARGEST NUMBER

Councillors felt the need for increase was urgent due to excessive cost of living. Reeve Charles Schultz contended that Surrey had the largest number of social assistance cases in the Province outside of Vancouver, and some consideration should be given to the municipality for bearing this responsibility.

The present net cost to Surrey is \$21,000, while the increase on a 50-50 basis would be \$68,000.

Mr. Justice H. S. Wood of the Supreme Court of British Columbia has been named by the Provincial Cabinet to hold an investigation, under the Public Inquiries Act into the case of Mrs. Donald Ritchie, including the publicity surrounding the matter, it was announced by Premier Byron Johnson.

It is alleged that Mrs. Ritchie was not admitted to a hospital in Vancouver, and it is claimed, she lost her unborn child as a result thereof.

PUBLIC INQUIRIES

Before the British Columbia Legislature concluded its deliberations on Wednesday last, two important Committees of the House were set up to conduct inquiries during the course of the next 12 months.

Both Committees were constituted by Acts of the Legislature. One was for an inquiry into the Industrial Conciliation and Arbitration Act and its administration and the other was for an inquiry into the Hospital Insurance Act and its administration.

The Committee of the House to inquire into the Industrial Conciliation and Arbitration Act will comprise five persons, one of whom will be chosen as chairman while the Committee to inquire into the Hospital Insurance Act will comprise not more than 12 members of which one will be the chairman. It is expected that their findings will be available for consideration by the Legislature at the next sitting of the House.

OPENING ADVANCED

The unprecedented warm, rain-free spell of the last three weeks has precipitated the advancement in date of the commencement of the forest fire season in the Vancouver Forest District to April 17, it was announced by the Honourable E. T. Kinney, Minister of Lands and Forests.

Numerous slash fires have already occurred in the district and persons entering the woods are urged to exercise every precaution. Due to the change in date it will be necessary to apply for a burning and camp fire permit on and after Wednesday, April 18.

The Vancouver Forest District comprises all the mainland coast area west of the summit of the Cascades as far north as Seymour Inlet as well as the whole of Vancouver Island and the Gulf Islands. Operators in that area are responsible for seeing that prescribed equipment for forest fire protective measures is on hand and ready for immediate use.

Cowboy evangelist here tomorrow

Leonard Elmer from Wyoming, one of the original cowboy evangelists will be in White Rock at Youth for Christ Hall (Old Masonic Hall) on Friday, April 27, at 7:45 p.m.

Mr. Elmer illustrates his sermons with a variety of ropes, and plays the world's smallest harmonica and guitar. Before his conversion he spent five years in Hollywood making pictures.

Provincial vice-president asked to Institute bazaar

Mrs. Ada A. Shaw, vice-president of the Provincial Board of the Women's Institute has been invited to open the bazaar and rummage sale to be held by White Rock's Women's Institute in White Rock Lodge on May 5 at 2 p.m.

This announcement was made following the regular meeting of the White Rock group held in White Rock Lodge on Monday, April 16.

Other business included the presentation of the President's report as delegate to the recent conference at Aldergrove; and the voting of \$10 as a donation to Kensington House.

Six new members joined the Institute at the meeting.

For the May meeting of the Institute, members are being asked to bring some articles which they have made, and which they feel is a budget-saver, either in the realm of cooking, home decorating, or dressmaking.

OCEAN PARK

Tea speaker is from Arabia

Mrs. Warren Slaughter, recently arrived from Arabia, will be the guest speaker at the annual Women's Missionary May Tea to be held on May 2, at 2:30 p.m. in Crescent, Ocean Park United Church.

The Georgian Ladies' Quartette of Keridale, will contribute as soloists during the afternoon.

Mrs. Huika was winner of the ladies' first prize at the April 20 whist drive held by the Ocean Park Community Association. Ladies' consolation went to Mrs. Vail.

Luther Goodwin won the first prize for gentlemen, and the consolation prize went to Geo. Giblin.

The next whist party will be held on May 18.

The property of T. B. Lee has been sold to Mr. Dixon.

Red Cross meets Monday afternoon

A meeting of the local branch of the Red Cross Society will be held next Monday, April 30, at 2:30 p.m. at the home of Mrs. W. Moffatt, Pender Street.

A cordial invitation to attend is extended to anyone interested in this society.

Guides and Brownies hold "Cookie Week"

This week has been designated "Cookie Week" by Girl Guides and Brownies of White Rock. Starting Saturday, special "Guide cookies" which are not available in retail stores, will be sold by Guides and Brownies.

COMING EVENTS

The White Rock Choral Society. Their auspices of the W.A. Holy Trinity Church, will give their annual concert in the Anglican Church Hall, Thursday, May 3, at 8 p.m. Admission 50c, in aid of the building fund. 18p

Girl Guides plan home-cooking sale

The local association of Girl Guides and Brownies is holding a home-cooking sale on Saturday, May 5, from 10 a.m. to 12, in the premises formerly occupied by Jamieson's Shoe Store.

Mrs. Nicholls, who is convening the sale, announces that donations of home cooking will be gratefully received by her on behalf of the association.

Announcement is also made that Girl Guides and Brownies of the 1st Pack will meet for the next few months in the old Masonic Hall, Washington Avenue, at the usual time.

ANAFVIC

News Flashes

The Vinpy party was a great success and thoroughly enjoyed by a large gathering of members and their wives and friends.

Entertained by the Frank Kibbe party from Vancouver and by our own Ernie Kersten, and ably assisted by the Ladies' Auxiliary, Unit 45, who arranged the catering, the gathering dispersed at a late hour.

The return Cribbage match with the Canadian Legion has been changed to Friday, May 11 at 8 p.m. We still need several more cribbage fans to make up our team, and ladies and gentlemen are most welcome.

The Bowling Team journeyed to Sea Island last Saturday evening and defeated that Team by 10-6 pins. The boys are getting into form now for the Provincial matches next month.

The Sick Committee under the chairmanship of Comrade Fred Stewart is functioning quietly but efficiently and all sick comrades are visited and given comforts.

The Constitution and Bylaws special committee, under the chairmanship of the Secretary, are requested to meet Wednesday, May 2 at 8 p.m. to conclude their deliberations before the summer recess. All concerned are urged to attend this important meeting.

Sunnyside Association meets Tuesday

The Sunnyside Community Association will meet in the Hall on Tuesday, May 1 at 8 p.m. for their monthly meeting. All members who can possibly attend are asked to do so.

The Spring Fair, an annual event set on by the Sunnyside P.T.A. in the Sunnyside School, is set for Friday evening, April 27. Members are urged to have their donations of aprons and tea towels in early. Donations of home cooking may be brought to the school on Friday.

LEGION NOTES

Pier concession let on 12 month basis

Conspicuous by their absence were our "Legion Notes" last week. The sad story of Little Freddie didn't appear Top Brass of the Legion so we took our liking like a man.

Top of the news for this week comes from Secretary A. E. Carter. The club rooms down on the Pier will be under the management of Comrades H. Taylor and F. R. Anderson, who will remodel the buildings and operate an up-to-the-minute Team Room, Bath House and Refreshment Rooms on a year round basis.

CONTRACT OPEN

Sad news comes to the Lounge Lizards who have enjoyed the sparkling service at Piccolo Italian Coffee Bar during the past year. Mrs. Stauffer and daughter Grace are retiring from business and we shall surely miss them.

The coffee bar has always been a cheery spot and for the help and co-operation that Grace (Mrs. Evans please) has given us in the office and also in Legion work we are truly grateful. Legionnaires who wish to apply for a contract to operate the coffee bar should interview the secretary as soon as possible.

Tim: Who's the dame with the French heels.

Tom: She's my sister; and then guys ain't French.

Numerous donations for the welfare of the branch, including furniture, pictures, library books, etc. have been rolling in lately and we are indebted to Comrades Nelson, Jacobson, Field, Hoopes, Lindow, Thelme, Sidelham, P. Man and Mrs. Mowat and Miss Lumsden.

KOREAN CASUALTY
The first White Rock casualty from the Korean War comes to us from Mrs. Stauffer who reports that Tommy Lloyd has been shot down over Korea and is in hospital there. He is the son of Mr. Ray Lloyd of White Rock, B.C.

The regular monthly general meeting is called for Tuesday, May 1 at 7:30 p.m. and President Walter Hunter hopes last month's record for attendance will be repeated.

Our cribbage tables will go down the hill to clash with teams

Drama bursaries offered by U.B.C.

Three Summer Drama School Bursaries, two for the Summer School of the Theatre at the University of British Columbia, and one of the Drama Division of the Banff School of Fine Arts, are being offered by the Department of University Extension of the University of B.C.

These bursaries, which cover tuition fees only, are designed to be of assistance to students who without such financial aid, might not be able to attend a drama school.

Anyone interested in the possibilities of this opportunity should apply, in writing, to the Director, Department of University Extension, University of British Columbia, by May 31, giving full details of any previous dramatic experience and stating why they wish to attend a drama school.

Syllabi describing the drama course offered at the Banff School of Fine Arts and at the University of British Columbia may be obtained from the Department of Extension, University of British Columbia.

Evangelist D. Markel

speaks here, April 29

Evangelist Dick Markel will be heard at the Evangelical Free Church, corner Pacific Avenue and "F" Street in White Rock, this Sunday, April 29, when he speaks to the Sunday School at 9:45, and the morning service at 11.

Accompanying Mr. Markel will be Mr. and Mrs. W. H. Smith, B.C. Directors of Child Evangelist Fellowship.

Kathleen Lock stands high in Amateur Hour finals

Miss Kathleen Lock, talented blind accordionist of White Rock, contends in the C.K.W.N. Amateur Hour sponsored by the Associated Canadian Travellers some months ago, is in the news again.

In the finals of this program held at the Kurland Arena on April 14, Miss Lock took second place, and stands a chance of being named the winner before voting closes on Saturday at noon, April 28. It all depends now on how many votes Miss Lock can pick up before that time.

Here is how the voting works: Each dollar sent to the Associated Canadian Travellers, 500 Beatty Street, Vancouver, for the Artistic Fund counts four votes for the contestant named.

Final results of the contest will be announced on the WK Trail Riders Program, 8:15-9:00 p.m., Saturday, April 28, on CKWX.

Local library lists two newest books

As an extra service to the reading population of White Rock, the local branch of the Fraser Valley Union Library will endeavour to let its readers know from time to time when new books are available.

Mrs. J. T. Kendall, White Rock Librarian, this week announces receipt of two such books. They are "World My Wilderness," Rose Macaulay's latest volume; and "The Seventh Man," by Robert Standish.

The SUN'S Book Review

HIS EYE IS ON THE SPARROW

By Ethel Waters, with Charles
Samuels. 278 pp. New York:
Doubleday & Company. \$3.

If there was an Oscar of the literary world being given for the most completely honest autobiography published each twelve-month, the 1951 award would undoubtedly go to Ethel Waters for the story of her life as told in "His Eye is on the Sparrow."

Miss Waters' book is more than honest; it is courageous and inspiring, and anyone who suspects that life has been less than fair to him need only read this narrative to discover what it is like to have the cards really stacked against one, and still come up a winner.

For Ethel Waters is, of course, a winner as a famous singer of famous "blues" songs, as a top-flight dramatic actress, and more important than either of these, as a human being.

Born in abject poverty to a 13-year-old Negro girl and exposed from earliest infancy to hunger, neglect, and vice in practically all its forms, the wonder is that Ethel Waters survived at all, let alone achieved greatness.

For what she has achieved she claims no credit. "The credit is only to God's helping me," she says in an interview by Harvey Brod, in *The New York Times Book Review*. This attitude is the one taken throughout her book, and her basic religious feeling and faith crop up at the most unexpected moments, lending a fine glow to passages which otherwise would seem almost intolerably grim.

Although she was brought up a Catholic, Miss Waters makes it clear that her religion is broader than any particular denomination, and as a growing girl she attended various Protestant churches.

"... what I learned from going to these churches," she says, "was that other religions than mine held something that was worth while and realising." There are unforgettable characters in this book, the most unforgettable being Sally Anderson, Ethel's maternal grandmother, "hardworking, honest, fiery-tempered and proud," who spent her life in a losing battle to make a decent, comfortable home for her children and grandchildren.

It was she who gave Ethel the only affection she ever had as a child. It was she who taught her to sing "His Eye is on the Sparrow," the number Miss Waters uses with such effect in Carson McCuller's "The Member of the Wedding." Her most recent starring vehicle on the New York stage.

The author of this Book-of-the-Month Club selection tells the story of her long upward climb from the Negro slums of Chester, Pennsylvania, to star billing on Broadway. It is told in simple, almost conversational tones, which is as it should be. Her material is sufficiently startling in itself to require any touching up. Charles Samuels, with whom Miss Waters wrote her book, and who, presumably, organized its content and got it down on paper, is to be commended for his good judgment, skill, and artistry in so managing things that the full flavor of the author's speech and personality are preserved in every line and page of this unusual autobiography.—E. G.

News from Parliament Hill

By W. M. "BILL" MOTT, M.P.

Our first information regarding a Pacific Treaty, has come from the United States. President Truman has announced plans for the working out of a security agreement with Australia and New Zealand, as part of a five-point program to strengthen the future of peace in the whole Pacific Ocean area.

This question has come before Parliament on several occasions, and I know our External Affairs Department have made several approaches regarding this matter.

It is only right that the United States should make the first move, along with Australia and New Zealand, as their holdings in the Pacific are of a greater degree than Canada. Nevertheless, it is expected Canada will be given representation on the finalization of any Treaty that may be drawn up.

RECRUITING UP

Here is the latest information on recruiting for our Armed Forces. Manpower in Canada's armed forces, with recruiting still booming, should hit the 70,000 mark this month.

Despite a heavy rate of discharge from the Army, the forces continued to grow markedly in strength in March with a total net intake of more than 2,000 men, official figures showed today.

A return tabled in the Commons showed that the three forces had in a total of 2,892 new men and discharged 817 for a net intake of 2,075. It was the third month in a row that they have netted more than 2,000 men, a pace that is maintained, will let them reach their 1954 target of 115,000 ahead of schedule.

The gross figure of 2,892 was down from February's 2,954 and January's 3,711.

The return gave no figure for the total strength of the forces. It was 62,645 at the end of February, however, and figures indicate it is now in the neighbourhood of 62,000. Unless recruiting slackens heavily, the 70,000 mark should be reached nicely in April.

ARMY NETS HALF

The discharges in March included 589 from the Army, 138 from the Navy and 79 from the R.C.A.F. The Army thus discharged more than half as many men as it took in. Many of the discharges are believed to have affected members of the Special Forces which has lost considerably more than 1,000 members since it was recruited last August and September.

The following will give you some

idea about the money that Mr. Abbott, Minister of Finance, has asked for, and where it is being spent. Defence costs Peace time \$200,000,000 spent in year on Canadian Service Equipment. With emphasis on air power, armament spending by the Government in the last 12 months climbed to a peak of \$200,000,000 more than triple the spending in the previous year.

Figures released recently by the Defence Production Department showed that 40 per cent of the defence orders placed in the fiscal year ended March 31 were for speedy American F-86 Sabre jet fighters being built in Montreal, the CF-100 all-weather jet fighter and the high-powered Orenda engine being produced in Toronto.

The \$228,007,000 worth of aircraft orders is nearly four times the \$58,517,000 spent on similar contracts in the previous fiscal year, 1949-50.

THREE-YEAR PLAN

The whole defence-preparedness program showed the first signs of an expansion move to gain its full stature in the newly-launched \$5,000,000,000 three-year defence program.

The total \$500,000,000 worth of orders compares with \$244,700,000 in the 1949-50 period.

In adding up its defence-spending bill, the department gave no breakdown to show what was channelled into Canadian or American industry.

But it did disclose that Canada is bent on a big radar production program, second only to aircraft development. In the 1950-51 period, electronics and communication equipment orders totalled \$30,000,000.

Two particular orders, one for radar equipment for Europe and one for a one-mile range portable radio set, developed in Canada took up more than half the total electronics orders.

A big jump was shown in the shipbuilding program which increased to \$79,000,000 in defence orders in 1950-51 from only \$4,000,000 in 1949-50.

PUBLIC NOTICE

Annual Meeting of the
WHITE ROCK RATEPAYERS'
ASSOCIATION
(INCORPORATED)

will be held at the
CANADIAN LEGAL HALL, HILLTOP
on Thursday, May 3, 1951, at 8 p.m.

J. W. HUNTER,

President.

Lend them a hand

Between 15 and 20 volunteers have been working down at Semiahmoo Park these last two weekends and Wednesday afternoons to provide needed recreation facilities for the people of White Rock.

These community-conscious people are in the process of erecting a softball stadium to provide relaxation and outdoor summer entertainment for local citizens.

The calibre of ball played by local teams is high and last year a playoff team went as far as Chilliwack in regional playoffs. Local teams have also been invited to Bellingham and other U.S. centres in exhibition games. Such games are good tourist publicity for White Rock.

This year one of the top teams in the Bellingham circuit, Fernside, has withdrawn from that loop and will play in the local league. All this points up the fact that our boys are prophets except in their own home town.

Surry Parks Board is supplying necessary lumber to fence the ballpark on Semiahmoo Park grounds. Other local citizens are donating nails, cement, lumber for bleachers, while some have even donated and paid for the time of their own workmen to assist in the project.

What the softball boys need now is more help. Men who will give up a Wednesday or Sunday afternoon to hammer nails, saw lumber or dig post holes. It's not back-breaking labor and it would be time well spent in aiding a worthy community project.

The task is an ideal one too for a lively local service club. Such clubs will no doubt want to use the park at a later date for fund-raising activities. We suggest they could insure its use by lending a hand now, while the interest is keen. Let's not let this project die, as many others have, from a lack of local interest.

See you at the ballpark Sunday?

Good business

Two meetings of importance to local property owners are scheduled for tonight and next Thursday. Both are sponsored by White Rock Ratepayers' Association and are second in importance only to the annual stewardship meeting in November.

Tonight's meeting will discuss the Ward 7 works program as outlined on Page 7 in today's Semiahmoo Sun, and clean up other business in preparation for the annual general meeting scheduled in Canadian Legion Hall next Thursday.

Naturally the most important item on the agenda will be the election of competent officers to carry out the association's business. The choice of these officers can be a turning point in the group's affairs.

The new officers will be faced with a demand to proceed with incorporation of this area as a city, village or municipality. Such demands are in vogue throughout the Fraser Valley today, dominant among which are the efforts of Langley Prairie, an urban centre to have its affairs distinct from the agricultural area surrounding it.

Annual reports will be given, and these should be subject to careful scrutiny to ensure that 1950-51 business has been properly executed.

It would be good business for each property owner to assure a proper turnout at the annual meeting by being there himself.

A city is just like a farm. You have to plow something back into it each year if you want to be able to continue to get something from it.

SPRING SALADS

Colorful salads give meals new sparkle

It's Spring at last and time to serve cool, crisp, tangy, colorful, tantalizing salads. Watch your meals take on new sparkle. Salads will do the trick. Given a chance, their colorful, crisp goodness will pep up every lunch and dinner for you.

A few simple rules followed for salad making will insure success. Buy only fresh greens. Wash them and keep them refrigerated in covered refrigerator pans until used. Tear, do not cut lettuce into bite-sized pieces for tossed salad. If you like a touch of garlic, rub the bowl with the cut side of a clove of garlic before mixing the salad. Make dressings early, but mix with the salad only at the last minute.

Always think of eye appeal as well as taste-appeal. Even the plainest of tossed green salads can be beautiful with the use of several shades of green garnished with tomato wedges, carrot of radish flowers, green pepper rings, celery curls, olives, cheese balls, pickles, etc.

WHOLE MEAL SALAD

This is a delicious, most course salad. You will find the combination really delightful.

- 2 cups mixed salad greens (lettuce, water cress, spinach or endive)
- 2 cups orange slices
- 1 cup cooked ham slices
- 1 cup diced celery
- 2 hard-boiled eggs, sliced

French dressing
Break crisp salad greens into bite-sized pieces in a large bowl. Combine with orange, ham, celery and French dressing. Toss lightly. Garnish with slices of hard-cooked egg. Makes 6 servings.

JELLIED TURKEY OR CHICKEN SALAD

This is a delightfully elegant salad that can be made with leftover chicken or turkey.

- 2 tablespoons gelatin
- 1/2 cup cold water
- 1 tablespoon lemon juice
- 1/2 teaspoon salt
- 2 1/2 cups turkey or chicken, cut into pieces
- 1/2 cup pimiento, chopped
- 2 1/4 cups clear stock or chicken soup
- 1/2 cup celery, chopped
- 2 hard-boiled eggs, 1 chopped, 1 sliced

Grapefruit sections
Soften gelatin in cold water for 5 minutes. Dissolve in boiling liquid. Add lemon juice and salt. Arrange egg slices and grapefruit sections in desired design on the bottom of an oval ring mold. Just cover with some of the gelatin mixture. Chill until set. Combine chicken, pimiento, celery, chopped egg with remaining gelatin mixture when it has partially congealed. Pour in to mold over the set design. Chill until firm. Unmold and serve on crisp lettuce and garnish with mayonnaise and olives. Serves 10.

GARDEN SALAD BOWL

- 1 pound fresh asparagus (or 1 package frozen)
- 1 small head lettuce
- 1/2 cucumber
- 3 green onions
- 2 tomatoes
- 1/2 cup sliced ripe olives
- 2 hard-boiled eggs

French dressing
Prepare asparagus and cook until tender in a small amount of boiling salted water. Drain and cool. Slice eggs. Peel and slice cucumber. Slice onions very thin. Cut tomatoes into wedges. Break lettuce into bite-sized pieces in salad bowl. Arrange asparagus, tomato, and cucumber in groups over the lettuce to form pattern. Sprinkle onions over all. Centre

with eggs and sliced olives. Serve with French dressing. Serves 4.

STUFFED TOMATO SALAD

This is one of my favorite salads. It is easy to make and very effective to serve.

- 1 cup cold, cooked macaroni
- 1 hard-boiled egg, diced
- 2 tablespoons chopped pickle
- 1/2 cup diced nippy cheese
- 1/2 cup cold celery
- 1 tablespoon finely grated onion
- 1 cup grated raw carrot
- Cooked salad dressing
- 6 whole tomatoes

Combine macaroni, hard-cooked egg, pickle, cheese and vegetables. Add enough dressing to moisten and toss lightly to mix well. Season to taste with salt and pepper. Cut tomatoes vertically into wedge-shaped pieces without cutting apart. Spread sections and heap centres with macaroni mixture. Serve on crisp salad greens and garnish with stuffed olives. Serves 6.

TUNA SALAD MOLD

This is wonderful for a special luncheon party or a summer supper.

- 2 teaspoons gelatin
- 1/2 cup cold water
- 1/2 cup boiling water
- 1/2 cup mayonnaise
- 1/2 pound can tuna, flaked
- 1/2 cup chopped celery
- 2 tablespoons chopped stuffed olives
- 1/2 teaspoon paprika
- 1 tablespoon lemon juice
- Salt and pepper
- 1/2 cup thinly sliced, peeled cucumber
- 2 tablespoons chopped parsley

Sprinkle gelatin over cold water and allow to stand 5 minutes. Add boiling water, stir until gelatin is dissolved. Allow to cool. Fold in mayonnaise, tuna, celery, olives, paprika and lemon juice. Add salt and pepper to taste. Pour a thin layer of the fish mixture into an oiled pan or ring mold, cover with cucumber slices. Repeat layers until all used. Chill until firm. Unmold on crisp lettuce or salad greens and garnish with parsley.

FROZEN FRUIT SALAD

This is a lovely salad and can be served either as an accompaniment for the main course, or as a dessert salad.

- 1 large can fruit salad or 2 1/2 cups mixed fruit
- 1/2 cup maraschino cherries
- 1 banana
- 1 8-ounce package cream cheese
- 1 cup heavy cream
- 5 tablespoons salad dressing

Whip cream and add cream cheese and salad dressing. Add fruit, fold in small pieces. Mix well. Freeze in refrigerator tray. Marshmallows, nuts and fruit drained from canned fruit or other fruit juices may be added. If juices are added, use 1 tablespoon gelatin for each cup of juice.

DRESSINGS

The right dressing can do more for your salad success than anything else. Vary your dressings and see how your salads will be improved.

French Dressing:

- 1 teaspoon sugar
- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 teaspoon paprika
- Dash cayenne
- 2 tablespoons lemon juice
- 2 tablespoons vinegar
- 1/2 cup salad oil

Put ingredients into a bottle,

cover and shake well each time before using. Makes 1/2 cup.

VARIATIONS:

Fruit French Dressing:
Add 1/2 cup sugar to French dressing and use lemon juice in place of vinegar in the recipe.

Chiffonade Dressing:
Add 2 tablespoons chopped dill or sour pickles, 1 tablespoon chopped onion and 1/4 teaspoon black pepper to French dressing.

Tarragon French Dressing:

Use Tarragon vinegar to make French dressing and add 1 hard-cooked egg, finely chopped.

MAYONNAISE DRESSING

- 1 egg or 2 egg yolks
- 1 teaspoon dry mustard
- 1 teaspoon salt
- 1 teaspoon sugar
- Dash cayenne
- Dash each pepper and paprika
- 1 1/2 cups salad oil
- 2 tablespoons vinegar
- 2 tablespoons lemon juice

Break egg into bowl and add mustard, salt, sugar, cayenne, pepper and paprika. Beat thoroughly. Add oil, 1 tablespoon at a time, beating thoroughly after each addition, until 1/4 cup oil has been added and the dressing is thick. Add remaining oil in larger quantities, beating constantly. Add lemon juice and vinegar, beating constantly.

VARIATIONS:

Russian Dressing:
Add 1/2 cup chili sauce and 4 teaspoons chopped green pepper to mayonnaise. Half cup whipped cream may also be added.

Thousand Island Dressing:
Add 4 tablespoons chili sauce, 2 tablespoons catsup, 2 tablespoons chopped green pepper, 2 teaspoons chopped onion, 4 tablespoons mayonnaise and 1 teaspoon paprika to mayonnaise.

COOKED SALAD DRESSING

- 3 tablespoons sugar
- 1 teaspoon salt
- 1 teaspoon dry mustard
- 2 tablespoons flour
- 1 egg
- 1/2 cup milk
- 1/2 cup vinegar
- 1 tablespoon butter

Blend sugar, salt, mustard and flour. Add egg, then beat until smooth. Add milk, mixing well. Add vinegar, stirring constantly. Pour over boiling water, stirring continuously until thick. Remove from the heat and add butter. Stir well, cover and store in refrigerator.

VARIATIONS:

Peanut Butter Dressing:
Add 3 tablespoons peanut butter to dressing. This is good with fruit salads and cabbage and apple salads.

Whipped Cream Dressing.

Add 1/2 cup cream, whipped, 1 tablespoon lemon juice, and 1 tablespoon sugar to 1 1/2 cups cook dressing. Use for fruit salads.

Cold Slaw Dressing:

Add 2 tablespoons prepared yellow mustard to cooking dressing. Use with cabbage and combination vegetable salads.

CHRYSANTHEMUM SALAD

It's a harvest of fruits when you make the novel Chrysanthemum Salad! The shell, of a large California orange or grapefruit, is a copy of the favorite fall flower, the chrysanthemum. As pals on your table as the "Mum" is at a football game, this salad gives both atmosphere and good eating.

In making the orange or grapefruit chrysanthemum, cut through the peel, just to the pulp in six places—starting each time at the top of the fruit and going on within an inch of the base. Pull each piece of peel away from the pulp as far as it has been cut. Then cut each section of peel into four or five narrow strips. Scoop out the fruit and cut it into bite-size pieces for the salad or for a fresh fruit perk.

You will need bite-size chunks from four large oranges for the fruit mixture. Add these, two large red cherries and one grapefruit cut into small pieces. Add walnut halves as a garnish.

TRUST YOUR C-I-I PAINT DEALER

The SNAPSHOT GUILD

Charming family group shots such as this can be made easily with the aid of an automatic shutter-tripper on your camera.

Are You in Your Picture?

[N] practically every family there is a person who is almost a complete stranger to the pages of the family snapshot album. Now this doesn't usually mean that this person is away from home—or doesn't participate in family activities. Most of the time it is the clue to who in the family uses the camera most.

Not long ago I took a picture of an attractive young couple who have been married about four years. It turned out to be quite good, so I sent them a print. In her note of thanks, the young wife commented that when she mounted that picture in their album, she suddenly realized that it was the first picture of them together to appear in the book since the first of their youngsters was born. In all of the others, one of them was posed with the children while the other took the picture. Now that is what is bound to happen most of the time, but I think that every so often there should be some picture that includes everyone. You can sometimes manage this by asking an outsider to trip

the shutter for you. But this isn't usually possible in your own living room, for example.

The answer then is a small accessory for your camera—an automatic release. The photographer can set up the shot, set the release which is a spring-type control, and have about 10 seconds to take his or her proper place in the group before the shutter is tripped. Some of the older cameras, which are not equipped for synchronized flash, have such a timing element built in.

Check with your photographic dealer about automatic or remote control devices that enable you to take a picture—and be in it too. Some people feel that pictures so made are often better than they might be otherwise, because the subjects suddenly become less self-conscious when there is no longer a photographer in front of them.

In any event it is something that'll be fun to try and that will put you in your own pictures. 368 —John van Gulder

COMING EVENTS

THE BRITISH ISRAEL WORLD FEDERATION (CANADA) INC., WHITE ROCK BRANCH

YOU and your friends are cordially invited to attend the following lecture: "THE SERVANT OF THE LORD." Speaker: MRS. OLIVE MELTAE.

On Wednesday, May 9, at 7:30 p.m., in the White Rock Hotel, White Rock. Offering.

Mrs. Meltae's talk is of vital interest for these days. DO NOT

Work of "modern Saint" told by Mrs. Kerster

The life and work of the great missionary, Dr. Albert Schweitzer, was the subject of a talk given at the recent monthly meeting of the Evening Circle, W.A. of White Rock United Church, by Mrs. J. K. Kerster, who was guest speaker on this occasion.

Mrs. Kerster drew an interesting word portrait of this "modern saint" who, gifted as a musician and skilled as a doctor, has given the greater part of his life to work among the natives of Equatorial Africa.

Twenty-two members were present at the meeting, and visitors included Mrs. H. Winter, Mrs. L. McQuistan, Mrs. W. Bush, and Rev. Peter Connal.

The Circle made a donation of \$50 to help in the redecoration of the Church Hall.

Meeting was held at the home of Mrs. R. J. Hogg.

The next regular meeting will be held on Wednesday, May 9, at the home of Mrs. L. North, 808 Pacific Avenue.

WHERE DOES THE MONEY GO ?

At times most of us have looked at purse, wallet or bank-book, and wondered: "Where does the money go?" You may have wondered, too, where does money go—the money we receive for gasoline, fuel oil, lubricants and other products we sell. Well, last year each dollar we received went this way:

CRUDE OIL and the other raw materials we bought took half of each dollar.

OPERATING AND ADMINISTRATIVE expenses took more than 25 cents. This was the cost of searching for and producing crude oil, and of manufacturing and marketing the hundreds of products we supplied for thousands of uses. Throughout the year high quality products were made available where and when you needed them.

TRANSPORTATION of products from our refineries to marketing points took the next big bite of the dollar. Products moved over wide areas to serve every community in Canada.

TAXES to provincial and federal governments took 7.64 cents. And this did not include gasoline tax which—depending on where you live—took from 22 to 33 cents out of every dollar you spent for standard grade gasoline.

TO REPLACE worn out equipment and to make sure that we can supply your needs in the future took 3.59 cents.

DIVIDENDS paid to shareholders for use of plants and equipment amounted to 3.45 cents.

IMPERIAL OIL LIMITED

WE PUBLIC WORKS PROGRAM LISTED

Rebuilding of Washington Avenue, "B" Street to Martin will be the major public works project undertaken in White Rock during 1951, Councilor V. A. McPherson told Survey Council Monday.

Job will cost \$10,000 but a grant of \$5000 will be made by the Provincial Government towards the work, he revealed. Projects to be undertaken during the year as tabled by Mr. McPherson, include the hard surfacing of Washington Avenue from Elm to Oxford and resurfacing Washington from State Road to "B" Street and Martin to 31st.

These four pieces, when complete, will give a smooth surfaced road from State Road to Oxford Street.

COMFORT STATIONS

The comfort station at the Pier will be rebuilt and the one at "B" improved. Road line sections are to get sign posts with the street names plainly marked. Semahmoo school property will get proper "Slow" zone signs.

Also on the program is the flush coating of Royal Avenue, "F" to "C" streets. Marine Drive will be handcoated and guard rails installed.

Handsurfacing of Pacific under local improvement by-law from "A" Street to State Road will be undertaken. Pacific

will also be resurfaced from Foster to Johnston and then north to Buena Vista. This piece was paid for by residents two years ago, but torn up when the new sewer pipes were laid.

SEWER REPAIRS

Hardtop on Victoria, Columbia and Buena Vista, also damaged by sewer installation, will be repaired.

Royal Avenue will be surfaced from Johnston Road to "F" Street. This work was paid for in 1950.

LOCAL IMPROVEMENTS

Roper Street will be black-topped from Johnston to Martin under local improvement by-law, as will Oxford from Thrift to North Bluff. Bishop Road will also be surfaced under local improvement.

Martin Street at the entrance to the pier is also on the schedule. White Rock Board of Trade has promised \$25 toward this section, said Mr. McPherson.

Many roads will be gravelled. These include Thrift, Johnston to State; Magdalene, west off Bishop; an unnamed road on the Hill property, "C" and "B" Streets.

Semahmoo Street from "D" to "E" will be gravelled, "C" to "F" and "F" Street from Buena Vista to Semahmoo. From Semahmoo "E" will be cleared and built south to the line between Columbia. Pit run gravel is to be placed on Pitlay.

GRAVELLED

Lee and Pacific will be gravelled from Columbia to the Campbell River Road as will Oxenham and Roper, west off Oxford.

Washington Lane will be graded and gravelled where required as will Columbia and Victoria lanes.

Crushed gravel will be placed on the North Bluff Road from Johnston to State. This work will be done on a 50-50 basis with Ward 6.

Slide at Columbia and Hapgood is to be repaired. A box, culvert and flume are to be installed at Royal and "C" Street and a cement flume on Columbia from "C" to "A" Streets.

Royal will be widened east of "C" Street to the top of the Hill. Flume and water accommodation on Oxford Street and

a survey of work in the Oxford and Roper area have been budgeted for.

Rebuilding of Pacific and Royal from Foster to Martin and water control on those streets is scheduled. A culvert will be installed on Marine Drive to High Street.

COMPLETED

End of Vidal Street is to be reconstructed and drains arranged. (This work has already been done).

Buena Vista is to be resurfaced and a culvert to be installed on Oxford Street and

straightened from Kerfoot to Magdalene and the replaced by a 12-inch tile at Kerfoot and Magdalene. Tile on Thrift to Martin will be replaced with 12-inch. Buena Vista will be flumed from Martin to Everall. Steps on Pitlay are to be replaced with 12-inch "F" Street Washington Avenue to the lane and "C" Street Washington to Victoria.

The recent addition of another \$6,000 to ward appropriations may see other work undertaken. Possibility of paving one mile on the North Bluff Road has been hinted.

ARE YOU MAKING PROGRESS TOWARD GETTING THINGS YOU WANT MOST

Bank of Montreal Plan Puts Personal Aims On Sound Financial Foundation

Getting what you want out of life is rather like target-shooting. To hit your bull's-eye you must ignore other targets, concentrate on your own, and take steady aim. If you fail to do this, sure as shootin' you'll miss the mark.

Realizing the dreams you cherish—of security—a home of your own, a pleasant retirement—is not so much a matter of income—it's what you do with the income you have that counts. Probably you can attain these things on your present wages—but it takes planning. That's where the Bank of Montreal's Personal Planning management system can help you—especially in these days of rising prices.

Personal Planning is scientific budgeting—but with a difference. It says: "This is your personal plan—unlike any other in that it deals with your dreams, your needs, and your income." It is as personal to you as the clothes you wear. And—unlike traditional budgeting—it doesn't take the fun out of life.

You are invited to drop into the White Rock branch of the Bank of Montreal and see Al. Field, the accountant, for your copy of that bright little book called "Personal Planning" which shows you how to set yourself on a sound financial foundation and stay in that happy position.

Health service sets Baby Clinic dates

Survey Public Health Service has scheduled four baby clinics in White Rock during April. Dates and times are as follows:
April 25—White Rock Supermarket Shop, 2:30-4.
April 26—White Rock Legion Hall, 2-4.
April 27—White Rock Presbyterian Hall, 2-4.

Editor, Semahmoo Sun.
Dear Sir:
In your issue of April 12, I observed that my friend and comrade, Ken Whipple, has the results of the Canadian Legion—Army, Navy and Air Force Vets Cribbage tournament slightly incorrect, and I suspect he has quit drinking malted milk.
Mr. E. M. Bule won the Game prize for the Canadian Legion, beating me in a play-off by eight points, whilst I won the High point prize with a score of 724 points out of a possible 726 points.
Previous to the play-offs, Mr. Bule scored 713 points.
Just to keep the record straight, Cordially yours,
Ed. Humphreys,
Secretary,
A.N.A.F.V.I.C.
Planet means wanderer.

HOTBEDS, COLD FRAMES—Above are diagrams of two types of hotbed and a cold frame, structures of great value to the gardener whether he be in it commercially or merely for his own pleasure. Top diagram shows the construction of a cold frame. In the center is a hotbed, surface type, and at the bottom is a permanent hotbed with pit. Construction and operation details are available in Publication Number 663, from Information Service, Department of Agriculture, Ottawa.

SEED FLATS

The commonest way of preparing a seed flat is to fill a flat half-inch from the top with soil, then screen another quarter-inch of soil over this, and firm. The seeds are sown broadcast over the surface and covered with screen soil. If this method works satisfactorily there is no need to change but if difficulties are encountered and poor results obtained, one of the following methods suggested by Dr. A. P. Chan, of the Division of Horticulture, Central Experimental Farm, Ottawa, should be tried:—

One of the best is to fill sterilized flats with sterilized soil which contains a large percentage (1/3) of sand with 1/4-inch of the tops of the flats. Both soil and flats can be sterilized by pouring hot water over the surface. This will kill most of the harmful organisms causing plant diseases. When soil is treated in this way it must be left to dry sufficiently to be manageable; small quantities of soil can be sterilized in an oven held at 180 degrees F. for 30 minutes.

Sterilized sand should then be sifted over the soil until the flat is filled at the top. The sand should be levelled off but not firmed. In place of sand, fine vermiculite may be used. Actually this material is preferred because it does not need to be sterilized. The seeds are sown broadcast and covered with just enough fine peat to hide the sand if small seeds are sown. With larger seeds, a little more peat may be used. Water the flat with a fine hose, using enough water to turn the peat black. If there is the least drying-out, the peat will turn a light brown and water should again be applied.

Another good method is to fill sterilized flats with wet sterilized peat to a level of one inch from the top. Place half an inch of sterilized sand on top, water thoroughly and level the sand. Sow seeds in shallow trenches made with a wooden label. The depth of the trenches should be increased for larger seeds. Do not water but cover immediately with a piece of glass. For seeds which germinate quickly there is no further need for watering until the seedlings are pricked off. If drying does occur, water by placing flat in a shallow pan of water.

Credit for the purchase of milking machines and many other time-saving improvements can often be obtained through Farm Improvement Loans.

If you need farm machinery to speed your production, why not inquire about a Farm Improvement Loan at your nearest B of M branch.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

GARDEN HINTS

G. E. SERY, Garden Editor

SEED PROPAGATION

In propagation by seed, it is requisite to use seed the vitality of which is unimpaired.

Under certain circumstances, the vitality of seed will endure for thousands of years, as is apparent from the so-called "Mummy wheat," which was grown from a grain of wheat found in the swaths of a mummy of the body of an Egyptian that had been embalmed and shrouded in its cerements for burial perhaps four or five thousand years ago, or even longer.

When placed in the soil this wheat corn germinated and reproduced itself in great abundance. The maintenance of vitality was due in this case to the exclusion of the external air and moisture.

LASTS TWO SEASONS

Generally speaking, seeds retain vitality for one or two years only under ordinary circumstances, and from this we gather that—

(a) It is better to sow seed saved during the previous season, or, at the utmost, not more than two seasons old; and
(b) It is desired to preserve the vitality of seed for a longer period than two years, it is necessary to keep it in airtight receptacles, or, at least, to exclude air from the receptacles in which they may be kept as far as it is possible to do so.

In addition to age, due regard must be had to soil, season, and other circumstances.

PLANT SHALLOW

As a general rule, it may be laid down that seed should not be buried below the earth's surface at a depth greater than its own thickness of diameter, though it may be safely assumed that the depth may be increased with perfect safety in the case of seeds of leguminous plants, which are large and bulky in comparison with the generality of seeds.

Thus, the tiny seeds of the arbutus should be sprinkled on the surface of the soil in which they are sown, dusted over with a little fine soil and sand sprinkled on top by means of a tin pepper-box, a little moss being laid over them until they have germinated, in order to promote and preserve surface moisture.

Larger seeds should be strewn on flattened surfaces prepared to receive them, and sprinkled over with a light covering of soil. Such seeds as onions, carrots, parsnips, etc., should be sown in drills made in the earth with the end or back of the rake, and have the ridge that is thus thrown up drawn over them.

Peas and beans may be set at a depth several times their thickness or diameter in a shallow trench made for their reception by the end of the blade of the hoe. The smaller the seed, the finer should be the soil in which it is sown.

USE DRY SOIL

The soil in which seed is sown should be tolerably dry—dry enough to crumble lightly when worked with the hand, and not to clot together in a pasty mass. Therefore, dry weather should be chosen for seed sowing, and if seed can be sown just before a gentle shower, or when the weather has fairly to be showery, so much the better.

Of course, there is a proper time for sowing for every kind of seed, but this cannot be specified in a series of general instructions which apply equally to all. Place or position—that is to say, whether in the open air or under protection—also forms an important factor with regard to time.

HINTS ON SOWING SEEDS

There are two points in connection with seed sowing which are of paramount importance to the success and vigour of germination and the regularity, strength, and resistance of the crop, besides that of having good and perfect seed. These are the proper mechanical condition of the soil, and the regular and uniform depth at which the seed is sown.

The presence of air, moisture, and a certain degree of warmth, is essential to the germination of seeds. In the absence of these

agents the process of germination will not go on.

The soil is the medium by means of which a supply of air, moisture and warmth is kept up; but, unless the soil be in a proper condition, it cannot supply these. It must be very dry, it contains too much air and too little moisture.

The proper condition of the soil is when it is neither very dry nor very wet; it is then moist, but not wet; it has the appearance of having been watered, and is easily crumbled to pieces in the hand, with its particles adhering together.

FILVIRIZE SOIL

The grand point is to get the soil thoroughly well pulverized, by means of which, with proper drainage, it will be in a condition favorable to germination of seeds. Temperature exercises a powerful influence over the time required for germination, and, within certain limits, the higher the temperature is, the more rapidly does germination go on.

The soil receives its heat through the medium of the air; consequently, the surface soil is more quickly heated than that lower down. Whenever the air is warmer than the soil, the surface will be warmer than that below; when, on the other hand, the air is cooler, the surface will, by contact, cool much more rapidly than that below the surface.

From this it follows the more rapid germination will occur at more than one inch below the surface, to which depth the heat will soon penetrate, and which, nevertheless, will not be so readily cooled during the night.

Seeds on the surface will generally grow most rapidly, and the germination of others will occupy more time as the distance from

the surface is increased. It is owing to this fact that seeds too deeply sown do not grow at all, the temperature not being sufficiently elevated, and the supply of air being too limited to set the chemical process at work which is essential to germination.

ASPARAGUS

When it is determined to raise plants from seed, the seed should be sown on ground that has been well dug, but not manured, at any time from March to June, but April is considered the most suitable time.

Beds to be filled with rods should have been deeply trenched and heavily dressed in the winter. The ground must now be levelled and forked over, a liberal dressing of rotten manure being incorporated with the soil at the same time.

Mark out the beds 5 feet wide, which will accommodate 3 rows of plants. Make narrow trenches 1 1/2 feet apart and 6 inches deep for the reception of the plants.

Allow 16 to 18 inches between the plants, spread out the rods evenly, and cover the crowns with the finest soil to a depth of 3 inches. If more than one bed is raised, leave a 2 foot alley between the beds.

CLEVER

Seed may be sown during this month for a main crop. Plants raised earlier under glass should now be pricked out and potted on by affording them some slight protection, so that the plants may not experience too severe a shock when the time comes for them to be transferred from temporary to permanent quarters.

Our experience, however, is that early plants are liable to run to seed prematurely.

Seventy-two per cent of the earth's surface is water.

B.C. Electric awards large dam contract

Contract to build a dam 1,300 feet long, an important part of the \$10,000,000 Wahleach Lake hydro project in the upper Fraser Valley, has been awarded to Northern Construction Co. and J. W. Stewart, Ltd., for just over \$800,000, lowest of five bids. Tom Ingelwood, B.C.E. vice-president and chief engineer, announced today.

Work will start immediately, he said, and is scheduled for completion by August, 1952, a few weeks before the 80,000 h.p. generating unit starts turning out power.

More than 200 men will be employed at peak periods on the dam construction besides dozens of machines—bulldozers, earthmovers, power shovels, trucks and so on. In all, 250,000 man-hours of work are involved on this part of the Wahleach Lake project.

The chief engineer added that the dam will be located at the north end of the lake, near the outlet into Wahleach Creek.

It will measure 1,300 feet along the crest, 60 feet in height, and 380 feet in width at the base, sloping upward like a triangle to 20 feet at the top. Made of 200,000 cubic yards of rock and fill quarried from a nearby site, the dam will contain a clay core to make it watertight.

RAISE LEVEL

The water trapped behind the dam will raise the lake level 40 feet and nearly double its present size, Mr. Ingelwood said. This will make 52,000 acre-feet of water available for hydro-electric use, sufficient potential power to light 3,000,000 60-watt lamps.

From the lake, the water will flow down a 13,000-foot tunnel-penstock to the powerhouse 2,900 feet below on the Fraser River. This drop—largest of any hydro project in Canada and among the highest-head developments in the world—will enable a comparatively small volume of water to spin an 80,000 h.p. turbine with ease. A \$2,000,000 high-tension line, still to be built, will bring the energy into Vancouver.

The present contract, the chief engineer added, also calls for construction of a second dam, much smaller, across Boulder Creek. This will divert its waters into Wahleach Lake.

CLEAR SHORE
Mr. Ingelwood emphasized that the foreshore will be cleared of rotting logs, standing trees, and other debris before the area is flooded. He said the company was working with fish and game groups to preserve the lake in its natural beauty.

"Fortunately," he added, "there are no fish in Jones Creek about the salmon spawning grounds near the mouth, which, of course, will be left unmolested. Above this, various waterfalls, and steep terrain prevent any salmon from ascending the stream."

Housing Brake

Rising of interest rates on housing loans may bring house building to a halt, warns The Financial Post. It may end National Housing Act loans because these are geared to a 4½% rate. Homebuilders, reports The Post, are saying that the new interest rates, coupled with an increasingly selective attitude toward loan applications, can only result in fewer low-cost homes being built, a general upward pressure on prices and an increase in public demand for subsidized rental housing.

United Church to hold Anniversary Services

The 29th anniversary of White Rock United Church will be observed next Sunday, April 29, with special services.

In the morning the visiting minister will be Professor John W. Grant of Union College, Vancouver. Dr. Grant, a former Rhodes scholar, and a graduate of Oxford, served as chaplain in the Canadian Navy during the war.

In the evening the service will be conducted by Rev. Major Geo. Turpin, chaplain of Shaughnessy Hospital, Vancouver.

On Monday, April 30, the ladies of the church will serve dinner in the church hall, and an address will be given by Dr. Douglas Telfer, of Vancouver.

Special music has been prepared by the choir for these anniversary events. Visiting soloists at the Sunday morning service will be Bobbie Taylor, formerly of the Elgar Choir, Vancouver. The Oddfellows Lodge will attend the evening service.

"Yep, BILL REA goes to the head of the class with his ROUNDPUP every afternoon at 12:15. Always gets an 'A' rating."

Zone 5 Ratepayers protest increase in power rates

Members of Zone 5 Ratepayers' Association recorded a protest against increased electric light and power rates in the following resolution passed at a meeting held at the White Rock Lodge on Wednesday, April 18.

"Whereas the B.C. Electric have been granted an increase in the electric light and power rate by the P.U.C. and;

Whereas this increase according to the new schedule creates a hardship, particularly on those in the lower income bracket;

Therefore this meeting of the 'Ratepayers' Association of White Rock hereby protests most vigorously against such increase."

The resolution is to be forwarded to the executive committee of the White Rock Ratepayers' Association.

Councillor Vic McPherson, who addressed the meeting, outlined the proposed works program for Ward 7, and recommended that White Rock Ratepayers press for this program to be carried out on a proper schedule and executed at the most appropriate time of the year.

A. S. Thilme was elected chairman of the zone for 1951-52 with A. E. McElligott, vice-chairman and H. H. Griesbach, secretary-treasurer.

Next meeting of the zone is to be held on June 20.

Heat-Resistant Paint

Bright finish paints which can be applied to wood, or metal by any conventional means, are said to resist to temperature as high as 1,500 degrees F. reports The Financial Post. They are also resistant to moisture, corrosion, mild acids and alkalis and oxidation and fumes in industrial plants.

Manufacturers say these paints can be applied to surfaces often thought to be unpaintable, because of deterioration by high temperature or other corrosive influences.

SHAW'S

Three leagues end play; Split high

Norm Split was high man in five pins at Idle Hour Bowling Alley last week. Norm rolled 230 to win the weekly prize of a box of chocolates. High lady was Margaret Stewart with 276.

Nino Casandaro was a repeat winner at 10-pins with 236, topping his previous high of 210. Three leagues played their final games last week. In the Sunnyside team game Team No. 4, Locals league winner was the Outlaws, captained by Lea McQuilten. Commercial No. 2 has finished league play with playoffs yet to come. On top were the White Rock Bakers by 12 points. Mud Bay Gun Club have finished but have yet to hold playoffs. Potentials were high there.

Men's Commercial and Army and Navy will wind up their season next week. In the Men's Commercial, Newton has come from behind to nose out Bach and now lead by one point. Competition between the three leaders is expected to be hot for the final two weeks of play.

League standings to April 21 are as follows:

Men's Commercial

CJOR Broadcasts

Football Association

Cup Final

CJOR will carry a special broadcast from England of the Football Association Cup Final between Blackpool and Newcastle United, this Saturday, April 28, at 6 p.m.

In a 20-mile race, a man could win over a horse because of his endurance.

SUN SPORTS PAGE

BLAINE SOFTBALL TEAM TO PLAY IN WHITE ROCK THIS YEAR

Blaine softball team, second last year in the Ferndale league, will play in White Rock this year.

Announcement was made this week by Jack Carie, sponsor of the local "Tevenerus" and sprinkling behind efforts to obtain a softball stadium here.

"The fact that Blaine will play in our league this year, just goes to show the high class ball that local teams are playing," said Mr. Carie.

White Rock Lawn Bowling Club

The final card game and social evening of the season will take place on Friday, April 27 at 8 p.m. in the club house. This will be the first social evening since the extension has been completed and will give our many friends a real chance to see and be welcomed to our new home. The bowling season will get under way on Wednesday, May 2 at 2 p.m. An invitation has been sent to officers and members of the B.C. Lawn Bowling Association, and a good representation of the affiliated clubs is expected to be present.

Unsolvable Golf Ball

The world needs an unsolvable golf ball, especially for the man who only plays occasionally or not place on Friday, April 27 at 8 p.m. in the club house. This will be the first social evening since the extension has been completed and will give our many friends a real chance to see and be welcomed to our new home. The bowling season will get under way on Wednesday, May 2 at 2 p.m. An invitation has been sent to officers and members of the B.C. Lawn Bowling Association, and a good representation of the affiliated clubs is expected to be present.

"We have heard of one idea—a ball containing a speck of radium. This calls for the player carrying, picks up the radio-active impulse and leads the hooker or slicer to the ball. But radium is very expensive being sent to officers and members of the B.C. Lawn Bowling Association, and a good representation of the affiliated clubs is expected to be present.

WHITE ROCK PLAYERS' CLUB.

Students offer variety show Friday night

By JACKIE ZACK

Music, song, dance, and orchestra will highlight the variety program to be presented tomorrow evening (Friday) at the High School gymnasium.

The program is under the direction of Mr. Neil Primrose, and indications are that it will be very enjoyable.

The music classes have been practicing during class periods, and other groups have been doing so at noon hours and after school. The prices are 25c for adults and 15c for students.

SOCK DANCE

The Girls H.S.T. presented a skill and Sock Dance during an extra period Wednesday. Proceeds were for the Trophy Case which is being donated by the H.S.T. Group.

The "Thing" was at last revealed at the Junior M.K. last Friday afternoon. Entries for the contest were submitted Thursday and Friday—only one per student.

During the week the following clues were posted on the Bulletin Board:

1. Can be used for building.
2. Doctors disapprove of it.
3. Made of the same material as a Baseball bat.
4. Was seen at the P.N.E.
5. More than one in White Rock.

What is it? Why nothing less than a "Toothpick."

Mary Langlands, the only one to have the exact answer, won the prize.

Refreshments of pop and doughnuts were very welcome after such dances as the "Square Dance" and "Schottische." On the program were brown dances, spot dances, and tap dances. The girls had the choice of dancing with whoever they wished because of the Saddle Hawkins theme.

MANY ATTEND

The evening mixer for the students turned out to be a success both financially and socially. Attendance was good, which included students as well as a large number of teachers and their wives and husbands.

A second "Thing" was revealed to the seniors, who had been puzzling all week over the following clues: It has a restricted area; it is used in connection with chewing gum; is made of a hard substance; there are more than one of these; it has a definite purpose in life. What do you think it was, false teeth? Wrong—a water-pipe handle.

The only winner of the contest was Winnifred Cameron, who received as the prize a set of china rabbits.

Both the junior and senior mixers were sponsored by the Graduating Class, who made all the arrangements for the contests, advertising, entertainment, decorations, and carrying out of the program.

TEAM "HOPEFUL"

The team for the volleyball tournament were to be picked from the following students: Shirley Simpson, Blanche Woodford, Anne Fennell, Doreen Fennell, Alberta Twiss, Heather Walker, Margo McCarty, Helen Nichol, Eleanor McKay, Donna Pugh, Barbara Biggs, Margie Whitehead. The girls games are to be played this Thursday at Queen Elizabeth, with teams from all the schools entered in the tournament.

The boys' team will be picked from the following: Kirk Carmichael, Lloyd Fisher, John McKee, Eric Russell, Ed. Terry, Ken Stewart, Bill Meek, Cliff Melyndy, Terry Hanly, Glenn Green, Larry Gregory, Paul Davis, Ernie Fairholm. The boys' games have been scheduled for April 30 at North Surrey High School, but the date is not definite.

Physical Education teachers, Miss N. Fisher, and Mr. C. Vogler are coaching the teams.

During the last two weeks

P.T.A. plans tea

White Rock Parent-Teacher Association will hold a tea for Grade 4, 5 and 6 mothers on Thursday, May 3, in the Junior M.K. Room. Mead will be the guest speaker. As many parents as possible are invited to attend.

White Rock Players match skill at Players Festival

Seven local actors will make White Rock's bid for honors in Vancouver Tuesday when they compete with drama groups of the Greater Vancouver area in the second annual Lower Mainland One-Act Play Festival.

First scene of the third act of "Outward Bound" will be the focal point of the entry in the festival, and cast members are busy polishing their performances in preparation for their Tuesday evening appearance at 8 p.m. Michael's Hall are Felicie Mitchell, who plays Mrs. Cliveden-Hanks; Enid Saunders, as Mrs.

Midget; Guy Weston, as Joverud; Duke; Franklin Johnson, as Tom Pryor; Jimmy Lawson, as Mr. Lindsey; J. P. Mitchell, as Scrubby; and Denis James, as the Examiner.

Also in rehearsal at the Little Theatre is the fairly forthcoming production of the three-act thriller, "Suspect," which will

play to local audiences following the week-long Vancouver festival. Club members are busy, too, with plans for an early-summer anniversary celebration marking the Little Theatre's first "birth." Named to head committee which will arrange an anniversary first-night premiere of the very first-night premiere of the very first British farce, "Miranda," are: V. Hillingford, refreshments; Margaret Primrose, decorations; Jimmy Lawson, program, and Franklin Johnson, invitations.

Members who would like to serve on these committees are asked to get in touch with the conveners.

Around Crescent

The Postmaster announces that there will be a slight change in the mail timetable when Day Force on April 30. From that date on, mail will arrive in Crescent at 10:30 a.m. instead of at 10 a.m. and leave at 4:05 p.m.

Mr. and Mrs. "Bert" Sewell announce the arrival of a sister for Barry, David and Heidi, born on April 17.

Miss Parnell Tomblott, who was a recent patient in Kerfoot Hospital, is home again.

W. P. Sinclair is confined to bed with injuries sustained in a fall at his home, "Dover House."

Mr. and Mrs. O'Brien have their brother-in-law, Mr. O'Brien, of Boston, Mass., as their house guest.

Mr. Hormal has returned from Penitence to his summer home on MacKenzie Street.

Crescent Fire Department was called to the Bowell home on the water front on Saturday to extinguish a small fire on the roof.

G. Schmidt has sold his house on Sullivan Avenue, and will shortly take up residence in White Rock.

Mr. Joy Savin was winner of the 25-dollar voucher offered by The Fashion Centre at the V.O.N. Fashion Show held at the Palladium, White Rock, on Wednesday, April 18.

Several local girls are enjoying a weekend in New Westminster at the C.G.I.T. rally. Among them are: Misses Betty Lou and Beverly Greig, Phyllis Chapman, Jean McKay, Margaret Johnson, Betty McQuarrie, Darlene Sanders, Janice Savin, Barbara McWilliams and Sandra Shepperd.

TENNIS ANYONE?

Max Zack, Colclough Villas, is making plans to organize a tennis club in White Rock. Mr. Zack has donated a plot of ground upon which to build the courts and is anxious to get in touch with local residents who would like to join the proposed club.

Money to build the courts, estimated to cost \$1,000, would come from membership dues and pledges over a five-year period.

Mr. Zack thinks about 20 persons could be accommodated. Those wishing to join should contact him at White Rock, 2345.
